Subject: Good Tavern Proposal

Flag Status: Flagged

I am writing concerning the Good Tavern Proposal. As a tax paying resident since 1974, I am very concerned! We chose to live in Voorheesville for the village character. A small community with the charm and peace desired.

If wanted, I can drive to the city and all it offers.

The residents deserve to continue living in a village environment.

Residents on Main Street and Voorheesville Avenue will no longer be able to enter or leave their driveways because of traffic congestion.

The value of homes will lessen.

What sort would be coming to this tavern? Not everyone drinks responsibly! Many overdrink and become rowdy! Not what we want in our community. Not a good environment for our youth, teens and young adults!

There will be traffic jams, unsafe conditions and noise pollution.

As a tax paying resident I want the character of our village to remain important!

I insist that this continue to be uppermost in decisions.

I expect and insist that the Zoning law be upheld! We deserve no less!

Respectfully, Catherine Wojewoda
